1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am customer affected by the proposed increase in water charges.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

These charges are not just or accurate. From the statement mailed to me its stating that projects were completed in areas other then York county however; no other area is getting their water utilities increased by this much. Also we are be charged a 80% increase when the cost has only gone up 3-14%. I want to know the project revenue stream for these charges and plans for the increased revenue.

3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? *
(This section should be completed.)
